

FANUC America Appoints

Mike Cicco President and CEO

For Immediate Release

ROCHESTER HILLS, MI – (July 6, 2016) FANUC America Corporation, the leading supplier of CNC, robotic and factory automation technologies, today announced Mike Cicco has been named the company's President and Chief Executive Officer (CEO). As President and CEO, Cicco will have responsibility for all of the company's operations in North and South America. In addition, Rick Schneider has been named Chairman of FANUC America and will continue in his role as a board member of parent company, FANUC Corporation.

"I am excited and honored to take on this role, and I look forward to working with Rick and our talented senior leadership team to achieve our future growth objectives," said Cicco.

Cicco joined FANUC in 1999 and has held a variety of management positions over the years including software/controls manager and district sales manager at the company's Southern California facility. In 2005, Cicco transferred to FANUC's headquarters in Rochester Hills, MI to take on the role of national account manager of the company's Authorized System Integrator sales group. As his career progressed, he was named general manager of several robot division groups including Material Handling Engineering, Authorized System Integrator sales and Domestic Automotive/Michigan Regional sales. In 2015, Cicco was promoted to vice president of FANUC's North and South American sales and execution. In April 2016, Cicco was named president and COO.

Before joining FANUC, Cicco served as lead automation engineer in Northrop Grumman's Automation and Information Systems group.
